

GREEN Partners

E2 America manufactures and distributes its intelligent HVAC Control and Optimization System that reduces energy costs for commercial enterprises. The company's technology, installed in leading restaurant and retail chains, as well as other buildings across the Southeast, is proven to deliver significant savings in electricity costs, usage and carbon emissions. The company is headquartered in North Carolina. They were recently awarded the Coastal Entrepreneur of the Year for 2011. The Award is sponsored by the UNCW Cameron School of Business in partnership with the Greater Wilmington Business Journal.

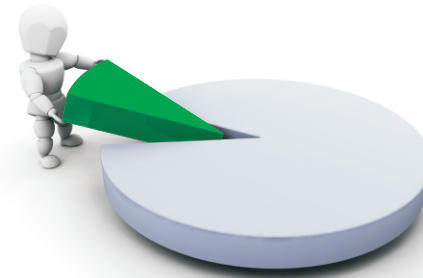

Also headquartered in North Carolina, Environments Unlimited Inc. (EUI), is a LEED accredited, commercial general contracting company. Their expertise is within the franchise food industry where they specialize in design-build and rapid reimage projects. EUI is the preferred builder of numerous franchisees and enjoys a well earned reputation within the QSR industry. EUI is an independent sales management firm for E2 America within North and South Carolina. They were recently awarded the Small Business Excellence Award from the Center for Entrepreneurship at Methodist University in Fayetteville, NC.

TECHNOLOGY SPECIFICALLY DESIGNED FOR THE QUICK SERVE AND FAST CASUAL RESTAURANT INDUSTRY.

TIME TO TAKE CONTROL

The E2America system makes your buildings HVAC system SMARTER by monitoring many more variables than your current thermostat, which typically only controls temperature and timing.

THE E2AMERICA SYSTEM MONITORS:

- External weather data
- Internal and external humidity
- Solar heat load
- Building occupancy
- And many other variables to ensure maximum thermal comfort while also reducing electrical load and usage.

"The E2 System measures 19 different variables which ensure that the building is at the perfect comfort level at all times."

- Dara O'Neill, CEO E2America

GOING GREEN NEVER MADE MORE CENTS.

- Guaranteed overall savings of 10%
- Immediate and substantial savings of 10-15%
- Return on investment in less than 24 months
- Valuable financial incentives of at least 25% of cost are provided by your power company.
- Additional tax incentives and accelerated depreciation
- Financing available

THE ENERGY CONTROL CENTER

allows you to remotely access and control the HVAC systems in every one of your restaurants simultaneously.

SYSTEM PERFORMANCE DISPLAY raises customer awareness of your efforts to reduce the overall environmental impact of your restaurant.

- SIMPLE, WIRELESS INSTALLATION
- ENGINEERED LIFE OF 25 YEARS • FIVE YEAR WARRANTY

"It took us a very short period of time to see the benefits of the E2 System in our initial five stores and to realize how much more we could be saving by implementing the system in all 30 of our restaurants. With all of the systems in place, we anticipate an annual savings of over \$250,000."

- Billy Sewell, President of Platinum Corral

CUSTOMER SATISFACTION AND SAVINGS
